

Anaro Karo Fabian

Data Analyst

PROFESSIONAL SUMMARY

Detail-oriented and results-driven Data Analyst with over 1 year of experience translating complex data into actionable insights to inform business strategies. Adept at using data visualization tools and statistical techniques to identify trends, forecast outcomes, and streamline decision-making processes. Passionate about turning raw data into clear narratives to drive organizational success. Excels in both team collaborations and independent projects, consistently delivering high-quality analysis under tight deadlines.

EXPERIENCE

DATA ANALYST

Freelance – Remote

June 2024 – Present

Led the design and implementation of a real-time dashboard in Power BI that visualized company personnels, promotion status, and layoffs, producing meaningful insight to help management decisions and reducing cost by 40%.

Utilized SQL to query large datasets for data extraction and cleaning to prepare data for in-depth analysis and reporting.

Collaborated with cross-functional teams to develop predictive models based on client's requirements.

Supported the analytics team by creating Excel dashboards that visualized campaign performance, leading to improved marketing strategies.

(Currently known as Delta State University of Science and Technology, Ozoro)

2015 – 2017

Relevant Coursework: Data Structures, Database Management Systems, Web Application Development, Programming.

Power BI for Beginners

Entry Level (Simplilearn), Online | October 2024

Concentrations: Power BI features and Components, Dax Functions, Data Modeling in Power BI, Data Cleaning and Manipulation, Data Visualization (Dashboards)

Fundamentals of Database (SQL)

Entry Level (Simplilearn), Online | October 2024

Concentrations: ER Diagrams, SQL Queries, Basic SQL Functions

Introduction to Data Analytics

Entry Level (Simplilearn), Online | October 2024

Concentrations: Types of Data, Data Visualization, SQL, Python

Introduction to Career Skills in Software Development (Python)

Entry Level (LinkedIn Learning), Online | June 2024

Concentrations: Introduction to Python, Software Development, Career management, Tech Career Skills

Data Analyst Bootcamp

Beginner to Advance (YouTube), Online | July 2024

Concentrations: Python, Power BI, Tableau, SQL, Excel, AWS and Azure

Introduction To Generative AI Studio

(Simplilearn & Google), Online | August 2024

Concentrations: Google Generative AI Studio
